

STRENGTHENING FOUNDATION WITH UNIQUE ERP FEATURES!

We understand the unique requirements of the Stone industry and to channelize their complete business process, we customized our ERP solutions with the most needed features of this industry. Delivering the highest level of quality and process efficiency across the enterprise is what creates a world-class business that can boast pace-setting levels of customer satisfaction.

Our solution keeps the record of Dimension Capturing, Cutting and Profiling, Approvals/Authorization etc. TAB Based Quotation for field executives helps sales executives to finalize the deal without much chaos.

RujulERP-Stone helps you to Optimize Performance across your entire Enterprise, whether it operates on a Local, Regional, or Global scale. The most welcome aspect of our ERP is that it has become more Affordable, Easy-to-Implement and adept at addressing Industry-Specific business processes.
